

Why is my Athens not working?

That is the question!

The most common reasons are:

- You haven't activated your account.** New accounts need activation. Check your inbox for an activation email or request a new one by emailing us.
- Your eligibility has expired.** This is either because your work contract has ended or you have had your account for 2 years. Please go to <http://openathens.nice.org.uk/Renewal> to update your details.
- Your account expired and may have been deleted.** You will have received an email informing you that your account was about to expire and asking you to renew it. Expired accounts can be renewed, but if not renewed, they are deleted within 2 months. Please email us to check the status of your account.

If you have any other issues with your Athens account, please email us at papworth.library@nhs.net.

E-books survey - last chance to have your say!

During the pandemic, we have relied on our e-book library collection rather than our print library collection to meet the needs of staff. We would like your views on how well the e-book collection has met your needs during this time. Please complete this 2 minute survey to share your views: <https://www.surveymonkey.co.uk/r/725DNVK>

And if you would like to suggest a new title for us to purchase as an eBook, please [contact us](#).
