

Antiplatelet medicine card

Name:

NHS #:

You should not stop taking your antiplatelet medicine(s) without first discussing it with a healthcare professional.

If you experience any of the following speak to a healthcare professional immediately:

- Blood in your urine or black tarry stools.
- Any unexplained and/or prolonged bleeding/bruising or rash.

This card should be carried at all times and shown to healthcare professionals.

You have been prescribed antiplatelet medicine(s) to help prevent your blood clotting too easily.

Drug	Planned duration	
Aspirin 75mg daily		
Clopidogrel 75mg daily		
Ticagrelor 90mg twice daily
