

Claire Williment, Head of Legislation Implementation Programme, NHS Blood and Transplant

Claire Williment has worked in NHS Blood and Transplant for over 6 years. She was appointed as the Head of Transplant Development in 2013, with responsibility for developing and implementing strategies for increasing the number and quality of organs for transplant. In 2017 she was appointed as the Head of Legislation Development, to oversee the delivery of plans within NHSBT to implement changes arising from the change in UK legislation regarding consent for organ and tissue donation.

Prior to joining NHSBT, Claire worked in the Department of Health, where she was a Senior Policy Lead with organ donation, respiratory disease and pathology services within her portfolio. She also spent several years working in Health Ministers' offices.
