Priority 7DS Clinical Standards

Clinical standard	Self-Assessment of Performance	Weekday	Weekend	Overall Score
Clinical Standard 2: All emergency admissions must be seen and have a thorough clinical assessment by a suitable consultant as soon as possible but at the latest within 14 hours from the time of admission to hospital.	Continue high standard of patient care.	Yes, the standard is met for over 90% of patients admitted in an emergency	Yes, the standard is met for over 90% of patients admitted in an emergency	Standard Met

Clinical standard	Self-Assessment of Performance		Weekday	Weekend	Overall Score
Clinical Standard 5: Hospital inpatients must have scheduled seven-day access to diagnostic services, typically ultrasound, computerised tomography (CT), magnetic resonance imaging (MRI), echocardiography, endoscopy, and microbiology. Consultant-directed diagnostic tests and completed reporting will be available seven days a week: • Within 1 hour for critical patients • Within 12 hour for urgent patients • Within 24 hour for non-urgent patients	Q: Are the following diagnostic tests and reporting always or usually available on site or off site by formal network arrangements for patients admitted as an emergency with critical and urgent clinical needs, in the appropriate timescales?	Microbiology	Yes available on site	Yes available on site	Standard Met
		Computerised Tomography (CT)	Yes available on site	Yes available on site	
		Ultrasound	Yes available on site	Yes available on site	
	All available on or off site as stated.	Echocardiography	Yes available on site	Yes available on site	
		Magnetic Resonance Imaging (MRI)	Yes available on site	Yes available on site	
		Upper GI endoscopy	Yes mix of on site and off site by formal arrangement	Yes mix of on site and off site by formal arrangement	

Clinical standard	Self-Assessment of Performance		Weekday	Weekend	Overall Score
Clinical Standard 6: Hospital inpatients must have timely 24 hour access, seven days a week, to key consultant-directed interventions that meet the relevant specialty guidelines, either on-site or through formally agreed networked arrangements with clear written protocols.	Q: Do inpatients have 24-hour access to the following consultant directed interventions 7 days a week, either on site or via formal network arrangements?	Critical Care	Yes available on site	Yes available on site	Standard Met
		Interventional Radiology	Yes available off site via formal arrangement	Yes available off site via formal arrangement	
		Interventional Endoscopy	Yes available on site	Yes available on site	
		Emergency Surgery	Yes available off site via formal arrangement	Yes available off site via formal arrangement	
	Emergency surgery relates to general surgery within this category.	Emergency Renal Replacement Therapy	Yes available on site	Yes available on site	
		Urgent Radiotherapy	Yes available off site via formal arrangement	Yes available off site via formal arrangement	
		Stroke thrombolysis	Yes available on site	Yes available on site	
		Percutaneous Coronary Intervention	Yes available on site	Yes available on site	
		Cardiac Pacing	Yes available on site	Yes available on site	

Clinical standard	Self-Assessment of Performance	Weekday	Weekend	Overall Score
Clinical Standard 8: All patients with high dependency needs should be seen and reviewed by a consultant TWICE DAILY (including all acutely ill patients directly transferred and others who deteriorate). Once a clear pathway of care has been established, patients should be reviewed by a consultant at least ONCE EVERY 24 HOURS, seven days a week, unless it has been determined that this would not affect the patient's care pathway.	All our high dependency patients are managed through our critical care unit with at least twice daily formal consultant led ward rounds.	Once daily: Yes the standard is met for over 90% of patients admitted in an emergency	Once daily: Yes the standard is met for over 90% of patients admitted in an emergency	Standard Met
		Twice daily: Yes the standard is met for over 90% of patients admitted in an emergency	Twice daily: Yes the standard is met for over 90% of patients admitted in an emergency	

7DS Clinical Standards for Continuous Improvement

Self-Assessment of Performance against Clinical Standards 1, 3, 4, 7, 9 and 10
The Trust's position has been stable since 2015 and compliance with the relevant standards.
