

How do I
renew a book?

That is the question!

It only takes 1 minute to renew your books.

1. Go to the ELMS catalogue at www.elms.nhs.uk
2. Log in on the top right hand corner.
3. Click on My Account, then on Renew My Materials

Please help keep your library account up-to-date by renewing your books when you receive our email reminder. The best thing is you won't keep getting our overdue notices.

YOUR views on e-books needed!

During the pandemic, we have relied on our e-book library collection rather than our print library collection to meet the needs of staff. We would like your views on how well the e-book collection has met your needs during this time.

HEE have partially funded a NEW e-book platform for the NHS and we will be selecting new books for this collection. This is YOUR chance to tell us if there are titles that we are missing which would help you with your work or studies.

Please complete this 2 minute survey to share your views.

EndNote referencing training – via MS Teams

Do you make these 5 Harvard referencing mistakes?

1. Inconsistent formatting
2. Not keeping citations in alphabetical order
3. Leaving out citations completely
4. Forgetting page numbers
5. Missing punctuation

Then **YOU need to book a place** on Endnote referencing training. Why spend the last few hours of an essay deadline in panic-mode when you could have your bibliography formatted for you with the click of a button?

Book now on one of these MS Teams sessions:

- Wednesday, 2 September, 9:30am - 10:30am
- Tuesday, 22 September, 9:30am - 10:30am
- Tuesday, 29 September, 2:30pm - 3:30pm

Exclusive UpToDate event hosted in July

An UpToDate expert trainer gave Royal Papworth staff an online guided tour of their point-of-care tool. We explored UpToDate extensively and had an in-depth look at these 5 special features that make this electronic resource essential:

1. **App** — you can now download the UpToDate app on your mobile device and sign in with your OpenAthens username and password. Access high quality evidence wherever, whenever you need it.
2. **Drugs & Drug Interactions** — you can quickly check for possible drug-to-drug and drug-to-herb interactions with the UpToDate drug interactions tool.
3. **Graphics Search** — this powerful search engine feature allows you to search over 10,000 pictures, charts, movies and illustrations.
4. **Patient Education** — UpToDate includes more than 1,500 patient information topics. You can review this information with patients in the exam room, print out as handouts, or send via email.
5. **Practice Changing UpDates** — UpToDate will notify you when a topic you have previously read has been impacted by a Practice Changing update.

Not sure what UpToDate is? It is a trusted tool for evidence-based clinical decisions. Do you want to find out more about it and how to access it? Click [here](#) and scroll down to UpToDate or contact the library team to help you.

Audiobooks for patients

Occupational Therapy said: 'Do we have any audiobooks for patients? I think they would be of benefit.'

We did: A literature search to see if there's evidence of the therapeutic benefit of audiobooks for recovery. We ran a focus group with patients to find out their views. We investigated the feasibility of a digital platform for loaning audiobooks to patients and found that it was much too expensive. So we contacted our colleagues at Cambridgeshire Libraries and they gave us 7 Kindles devices on long term loan and access to 5000+ audiobook titles for free. Royal Papworth Hospital Charity kindly funded cases for the devices.

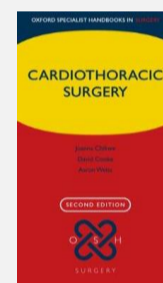

Where are we now?

You are loaning the devices to patients and helping them access titles to help them sleep and feel more relaxed before their surgery. Your dedication to the project is improving our patients' experience.
