

How many books
can I borrow?

That is the question!

You can borrow 8 books in total. This includes books from other libraries. You can renew a book as many times as you want as long as no one has placed a hold on it.

If you already have 8 books and you'd like to place a hold on more, please return as many books as needed to keep your account with a maximum of 8, otherwise we will not be able to check out your new holds.

**Evidence search service endorsed by
Head of Nursing!**

"This [search] was requested as part of the project to provide iPads for patients to communicate with their families and friends so we asked for a particular focus on virtual visiting and visiting during COVID where information was available. The search was so comprehensive, it will be of use to other projects.

I also wanted to showcase the fantastic work the Library service has done to support projects to improve patient care. I strongly recommend seeking their support when you need evidence to support service development initiatives."

Recent evidence searches include:

- Physiotherapy for ECMO patients
- Anticoagulation treatment for left ventricular thrombus
- Supporting employees experiencing menopause
- Glucose monitoring in cystic fibrosis patients

Request your evidence search today by filling in [the form here](#). You will receive the results to your inbox within 7-10 days.

We did

You said: I'm mourning the loss of my regular Nature and Circulation updates (contents page summaries). I really like to read the abstracts but for some reason the alerts stopped arriving.

We did: We set up new alerts for your three favourite journals to go directly to your email every Monday morning.

**You told us we walk on water!
It made our day.**

If you would like us to set up alerts for you for your favourite journals, [please email us](#).
